Hi Andrew

The mail **luxurehealth.co.za;** is not in question but shows a conflict of interest by the same owner registering **regimaskin.co.za** and intercepting our company e-mails using false representation. **regima.co.za** is a matter separate to this as we are unsure as to who has taken ownership but obviously containing the RegimA brand trademark.

Warm regards
Jacqui

Dear Jacqui,

I am writing to confirm your whatsapp instruction to proceed with the domain dispute regarding the domains that Rynette has registered in the name of her son. I wish to record this is against my advice.

I have briefed @Andrew Papadopoulos and he will proceed accordingly. Can you please confirm that the three domains in question are:

regimaskin.co.za;
luxurehealth.co.za;
regima.co.za

Kind regards,

Craig

Hi Jacqui,

I have spoken to Shenaaz and agree that it is incredibly important that we don't do anything that would be in breach of the settlement agreement. We will certainly take action against Rynette and her son at the appropriate time and in the interim, my partner Andrew is collating the evidence against them. However, the timing is important and we do not believe it is prudent to act in haste and potentially jeopardise our strategy going forward.

If you are able to collate the evidence of what they are doing it will be incredibly valuable in our case against them (and also to Shenaaz's side of the matter as well).

As discussed on the phone on Friday, I implore you not to take matters into your own hands as it could result in serious set-backs to our position. It must be borne in mind that they still have a court order against you and we need to maneuver very carefully. Any mis-step (from either side) could have far-reaching consequences.

As always, I am happy to discuss further.

Best,

Craig

Hi Craig
We really need your help urgently. We need Rynette Farrar and her son Darren to stop using our e-mail addresses urgently. This is stealing our ip details.

Also. Pete said I am not allowed to speak to our office staff. He instructed them to send out information to my database, built up over years.
Very URGENT

Dear Jacqui

Thank you for your email.

We note that you are no longer interested in the REGIMA ZONE mark in the EU and confirm that we will take no further action and allow the EU trade mark registration for REGIMA ZONE to lapse without incurring any further costs.

Please will you confirm whether you are still interested in maintaining **UK Trade mark registration nos. UK00914297063 REGIMA ZONE in classes 03, 05 and 44**.

The costs involved in renewing the **REGIMA ZONE** registrations **in the UK** for a further 10 years (calculated from the abovementioned renewal date, even if the renewal is filed before this date) will be in the region of **R23,900** (including VAT, agents fees, disbursements and official fees). Please note that the cost is an estimate only, as it is subject to constant exchange rate fluctuations.

If you are still interested in maintaining the REGIMA ZONE mark **in the UK**, we will require a R13, 000 deposit in our trust account to cover our agents' fees and disbursements in the UK. Please note that this is not cover for our fees (we will send you a reconciled invoice reflecting our fees, your deposit and the actual disbursements once we have made the international foreign currency payments and the bank has provided us with the actual Rand equivalent); you are a valued existing client with an impeccable payment record, so please do not feel offended at all. This is simply an internal rule that is outside our control, as we have to take cover for substantial disbursements (the foreign agents will invoice our firm, we are responsible for payment to them, and we have to settle their accounts promptly).

You have our banking details but please let us know if you need any other paperwork from our side to enable you to pay the deposit into our trust account, using our reference CS2511 / MR000559. Although we will pick the payment up on our bank statement, please send us an e-mail when you deposit the money so that we can specifically look out for it and allocate it to your matter.

If you are no longer interested in maintaining the mark, we can allow it to lapse without incurring any costs.

Let us know if you have any questions.

Kind regards,

Further to our previous correspondence herein, please confirm that you would like to proceed with the renewal of the following trade marks:

Dear Jacqui

As you know, the EU used to include and cover the UK but ever since Brexit, the UK no longer forms part of the EU and is treated as a completely separate country. If you, therefore, require protection in both the 27 EU member states and the UK then you have to renew the trade mark in both jurisdictions. Put differently, the UK registration is now a completely separate registration with its own life in a separate country and if you require continued protection in the UK, you have to renew that separately. If you require continued protection in the EU and its 27 member states, then you also have to renew the EU registration.

We trust that this clarifies the matter.

RegimA did receive a response from Witz from you in January where you stated you will let EPIGENERIST lapse so there was no misunderstanding from RegimA's side.

Hi Jacqui

Confirmed. In the EU, the quoted costs are just for the REGIMA ZONE mark in classes 03, 05 and 44. We understand that the amount appears high, but please keep the following in mind:

- The official fees (i.e. the expenses that have to be paid to the EU trade marks office) alone is R24,000.
- The renewal covers all 27 EU member states.
- The costs should be amortised over a decade, as the mark is only renewable every 10 years.

Kind regards,

Deadline: **25 June 2025**

Dear Jacqui and Pete

Further to our previous correspondence herein, and as advised below, we have now obtained an updated cost estimate from our agent in the EU and can advise as follows.

The costs involved in renewing the registrations for a further 10 years (calculated from the abovementioned renewal date, even if the renewal is filed before this date) will be in the region of **R45,700** (including VAT, agents fees, disbursements and official fees). Please note that the cost is an estimate only, as it is subject to constant exchange rate fluctuations.

The vast majority of these costs are made up by our EU agent's fees and disbursements. Unfortunately, European attorneys are expensive and the cost are further magnified by the Rand/Pound exchange rate (more than R25 to the Pound as of this morning).

Please let us know if you are happy to proceed with the renewal.

We look forward to hearing from you.

Kind regards,

Hi Jacqui

Thank you for your email, we will remind you closer to the time.

The vast majority of these fees are made up by our foreign agent's disbursements in the EU and are high in light of the Rand/Euro exchange rate.

Dear Jacqui

Thank you for your emails.

You are correct, both marks are in the name of REGIMA SKIN TREATMENTS CC, as per my email below.

We note your instructions regarding the EU trade mark registration for the EPIGENERIST mark. We confirm that we will take no further action and the mark will be allowed to lapse.

Insofar as the renewal of REGIMA ZONE is concerned, the costs involved in renewing the registration for a further 10 years (calculated from the abovementioned renewal date, even if the renewal is filed before this date) will be in the region of **R38, 575** (including VAT, agents fees, disbursements and official fees). Please note that the cost is an estimate only, as it is subject to constant exchange rate fluctuations.

Please let us know if you are happy to proceed?

In addition, we have attached our email to you regarding the registrations in the UK, please will you let us have your instructions insofar as those two registrations are concerned.

We look forward to hearing from you.
