Hi Natan

I'll add the material to the document you prepared now. The main thing I was trying to do is remove speculative claims, unfounded assumptions, potentially defamatory statements of a personal or private nature, medical diagnoses, emotionally charged assertions etc. so that the content remains focused on the evidence related to the business matters in question and behaviour as observed with motivating inference where necessary.

Warm Regards
Dan

Hi Daniel,

Where is the draft that Doron and I prepared? The document has to be in line with a format that a Court uses as per our draft. I appreciate this document for context, but we need it amplified with your documents as annexures. Please get this done urgently as we are losing valuable time.

Kind regards,

I have restructured many aspects to reference evidence directly rather than speculative claims now we just need Jacqui to review and provide final instructions for which evidence is immediately available and if anything needs correction.

I will send my response with Shopify & Trust elements ASAP.

Warm Regards
Dan

Hi Doron

Indeed I'm just ensuring I send the "hard evidence" as the points made in connection with supporting documents will be distinct from opinion-based assertions. That way we can clearly establish proven fact from disputed claim. I will send through the various parts as and when I can i'm going as fast as I can while still verifying different statements with our records.

Warm Regards
Dan & Jax

Hi Daniel and Jacqui

Have you had a chance to prepare the note that natan and I had requested on Friday? When can we expect the note?

We need to explain the relevance of the documents to the Court - otherwise we do not have a substantive basis to anticipate / reconsider the ex Arte order.

Kind regards

Please find attached invoices I have going back to June 2023 as proof that the company RegimA Worldwide Distribution (Pty) Ltd owned by Faucitt Family Trust is entirely dependent on the Shopify platform paid for by independent UK company RegimA Zone Ltd owned 100% by Daniel Faucitt and funded entirely by Daniel Faucitt.

Thus the sole source of revenue for all income to the trust owned entity is dependent on the Shopify platform owned by Daniel Faucitt's company. Without this it would have zero revenue since 2023.

This is relevant to why it appears that Trustees hijacked their own revenue stream, extracted PII in violation of ZA POPIA and UK GDPR and instructed customers to use a new email address and "order direct" from now on. This is because it was never their revenue stream to begin with. The entire operation and all funds flowing through the account were always owned by Daniel Faucitt's UK company RegimA Zone Ltd.

So the characterization of Daniel being dependent on the company is false. In fact all revenue for all companies was dependent on Daniel Faucitt's infrastructure.
