Subject: RegimA Zone, we were unable to renew your plan

slack

Your payment couldn't be processed

Your plan was set to renew on 10/15/25 for your team of 8 active users, but the charge to your payment method was unsuccessful. This could be because of an invalid or expired payment details, a declined transaction or the need for additional verification.

Your team will be able to continue using Slack for now, but be sure to update your payment details so the charge can be processed successfully.

UPDATE YOUR PAYMENT DETAILS
